PRICE, THREE CENTS

PLATFORM STATED BY FRANK O'BRIEN

Present Assessor Replies to Platform of His Opponent.

RENTS NO CRITERION

Last week "Our Town" published an interesting statement by E. C. Griswold, candidate for Real Estate Assessor, in which the president of Council brought out the reasons for his candidacy and the platform on which he based his appeal to the voters.

Frank A. O'Brien, present incumbent and opponent of Mr. Griswold, issued his statement this week, which "Our Town" is likewise presenting for the information of the voters.

Mr. O'Brien, who was appointed to the position two years ago, answers Mr. Griswold's claim that the business section is bearing too small a part of the taxes by claiming that sales in this district are too few to form a true basis for re-assessment.

Mr. O'Brien points to the fact that he is now engaged in a house-to-house canvass as part of the triennial assessment and that changes may be recommended to him now. His statement follows:

"My name will appear in the coming primary election as a candidate for Real Estate Assessor, which position I have held by appointment during the past two years. I note with surprise that there is dissatisfaction in a certain portion of our borough with my work, although I have been receiving my best attention. It is also surprising to have most of that criticism with talk of reducing taxes, emanate from the gentleman who was President of our Council, when I raised our tax rates to the highest point known in our history and which fact was commented upon by one of our Philadelphia evening papers as the highest tax rate along the Main Line.

"I do not wish to criticize the President of our Council, because I believe that he has been honest and faithful in his efforts at all times.

"My problem is one of arriving at equitable values for the basis of taxation. With rents, I do not concern myself either in the business or residential sections of our borough. Sales in the business section have been rare in recent years and one has but little to guide him when assessing that particular section. I would also like to say in fairness to our property owners in the business section that I have noted no disposition on their part to want to make the rest of us shoulder their part of the load of taxation.

"I am now engaged in making a triennial assessment and am making a house-to-house canvass and am ready to hear and adjust all legitimate complaints from any owner of either the largest or smallest property on our books. A these values will stand for the next three years, whether I am elected or defeated, it is now your opportunity to assist me in ironing out any or all inequalities of assessment.

"Being a property owner myself and one who feels the burden of taxation with the rest of our townspeople, I am conscientiously interested in the economic administration of our borough affairs."

GIRL SCOUTS BACK WITH MANY HONORS

Members of Main Line Troops Returned Saturday From Media Camp.

SOME WENT TO ANDREE

The last contingent of sun-burned Girl Scouts returned Saturday from Camp Tall Trees, near Media, closing the sixth season of the camp. More than 500 Girl Scouts, together with their leaders, experienced the benefits of the 12-day encampments in the open, provided at Camp Tall Trees.

This year 48 girls earned the Girl Scouts' Swimming Badge, which means that they are entitled to classification as Junior Red Cross Life Savers; 40 earned Handicraft badges for originality along special lines, while almost every girl who attended the camp returned home with some article made with her own hands. One hundred and fifty girls earned the Observer's badge, which means they qualified in the observation of trees, flowers, stars, insects, birds, rocks, ferns or minerals.

In addition to the swimming badge, at various times during the summer quite a few girls of Philadelphia and vicinity have attended the National Girl Scout Camp Andree at Briarcliffe, N. Y., where they made excellent records. Among these girls were Helen Cogan, Troop 69, Narberth; Christine Mahl, Troop 8, Narberth; Observer, Tree Finder, Wild Flower Finder, Bird Finder, Rambler and Sailor; Polly Phillips, Troop 94, Cynwyd, elected patrol leader; Esther Croasdale, Troop 94, Cynwyd; Marjorie McGeorge, Troop 94, Cynwyd; Ruth Hopkins, Troop 8, Narberth; Frances Palmer, Troop 45, Bryn Mawr.

A tree, in memory of the Founder of the Girl Scouts in America, Mrs. Juliette Low, was planted with impressive ceremonies at Camp Tall Trees last Thursday. Miss Julia Williamson, Philadelphia Director, was assisted in the ceremony by the Camp Director and Councilors.

The rest of the personnel of the theater will be completed from Bala-Cynwyd and Main Line residents, and is still to be chosen.

MCDUGALL-DONAHUE

A very pretty wedding was solemnized last Wednesday morning in St. Margaret's Church when Miss Mary T. Donahue, daughter of Mr. and Mrs. F. E. Donahue, of Conway avenue, became the bride of Mr. William A. McDugall, son of Mr. and Mrs. R. McDugall, of West Philadelphia. The Rev. Robert Hayes, rector of the church, officiated.

Miss Mary Maran, a cousin of the bride, was the maid of honor and the best man was Mr. Frank McDugall, brother of the groom. Following a reception held at the home of the bride, the couple left for a honeymoon at Niagara Falls. Upon their return, Mr. and Mrs. McDugall will make their home in Philadelphia.

BERWYN VICTORS IN SECOND HALF

Narberth Won and Lost in Last Games of the Season.

NARBERTH IS SECOND

The World Series of the Main Line League will not be played in Narberth this year. Such was determined over the week-end when the Berwyn stalwarts easily clinched their lead and grabbed off the second half honors.

Gladwyne, winners of the first half, are all set to defend their honors and try for the season's flag, and the first game of the three-game series will be played this afternoon at Berwyn.

Over the week-end Narberth only took in one out of three. Gladwyne lost 1-1 last Saturday, but Berwyn and Wayne both took the measure of the Boroughites Monday.

In Saturday's game Townsend had good support. Zartarian, Gibson and Keyes starred. Scull was the shining light for the Merion Square crew.

Wayne knocked Narberth out of the second half pennant race by defeating the Boroughites in the Labor Day morning game, 6 to 4. Scott, the bespectacled Wayne twirler, had all the better of Fleck in a pitching duel, holding Narberth to seven hits and fanning 10.

Manager Dunne's artist landed on Fleck for five juicy runs in the first inning, and well that they did, for after that they could only score one run. Narberth flashed rallies in the fifth and seventh innings, counting two runs in each, but Scott bore down enough to end the uprisings in time.

Features of the game were the hitting of Schadel, Berry and Keyes and the fielding of Keyes and Gibson.

Berwyn beat Narberth in a 10-inning game Labor Day afternoon at Berwyn and clinched the second-half championship of the Main Line League.

Trost added another victory to his long string, and it was his timely hit in the tenth inning that scored Doyle with the winning run. Five hits were all that Narberth could get, but for errors Trost would have had a shutout.

Townsend pitched well for the losers and looked like a winner until the eighth inning, when Berwyn rallied to score three runs. Had the former Princeton southpaw been better able to baffle Higgins, Trost and Doyle he might have come through at that, but he trio amassed seven of Berwyn's 10 hits. Another feature of the game was brilliant fielding by Zartarian, the Narberth shortstop, who with marvelous stops cut off many a basehit.

SKELTON TALKS

Of Big Four Brotherhoods at Rotary Club Luncheon.

The four railroad brotherhoods formed the subject of a talk given Tuesday at the weekly luncheon of the Bala-Cynwyd-Narberth Rotary Club by Member Joseph J. Skelton, Jr., former township treasurer. Mr. Skelton, who traced the history of the Big Four, declared that they were the best regulated unions in the country.

A visitor at the luncheon as the guest of Dr. E. S. Deubler, the president, was Dr. C. H. Stange, dean of the Veterinary School of Iowa University, who is scheduled as speaker for the meeting next week. The other visitor was John Albrecht, member of the Ardmore Rotary Club.

MRS. FLEMING TO APPEAL

Counsel for Mrs. Mary A. Fleming, of Montgomery avenue, has filed an appeal at Norristown from the decision of the Zoning Adjustment Board.

Mrs. Fleming had asked for permission to have her property re-classified as a business district, and for permission to put up a gasoline service station and accessories store. The Board permitted her to change her blacksmith shop into a gas station, but denied the rest of the petition.

It is believed that her attorney, Theodore Lane Bean, will attempt to have Narberth's zoning law declared unconstitutional, in addition to appealing the specific decision. The date for the hearing has not as yet been set.

Animals Laugh, Psychology Head Claims---Smiling Is Refinement

Dr. Thaddeus L. Bolton, of Narberth, head of the Department of Psychology, Temple University, disagrees with Professor F. Averling, reader in psychology of the University of London, that the hyena is the only animal, aside from man, that indulges in laughter.

"Cows, calves, horses and monkeys laugh," says Dr. Bolton, "and the most obvious laughter in the animal kingdom is that of the dog."

Professor Averling was also quoted in London to the effect that the really happy man never laughs.

"Laughter," said Dr. Bolton, "is a form of expression denoting the culmination of some conquest or struggle. In other words, it is a phenomenon of triumph, found among animals as well as human beings."

"What we generally call laughter is the expression of a coarse emotion, which, as culture increases, is refined to the form of a smile. Smiling, therefore, is not the expression of an opposite emotion, as Professor Averling avers, but simply a refined and secondary development of laughter."

FIREMEN'S CARNIVAL TO OCCUPY STAGE NEXT FRIDAY AND SATURDAY NIGHTS

Haverford Avenue to Be Closed Off, Booths Installed and Bright Lights Hung in Midway.

The stage is set for Narberth's carnival! Next Friday and Saturday evenings Haverford avenue's bright lights will be still brighter. Sprightly band music will replace the radio melodies usually heard from the stores, and the whole town will foregather.

For this is not to be a little two by four affair. Far from it. Haverford avenue, from Forrest to Narberth, will be closed to motor traffic and cleared of cars. Long strings of overhead lights will blaze forth, and spotlights will supplement the illumination.

Shortly after supper on both nights Narberth's business street will be transformed into a fun center of dazzling attractions, worked up with great care to give every resident a good time and to help Pennsylvania's best fire company to pay for some of that modern apparatus which is housed in Elm Hall.

Undoubtedly everyone in Narberth has noticed, in connection with advertising of the firemen's carnival, the wording "Always on call when you need them." Now do your bit when they need you.

Narberth is a growing town and naturally the growth signifies new residents. Possibly these new residents do not know that their Narberth Fire Company is composed of volunteers and highly efficient ones at that. Because they have up-to-the-minute equipment is the main reason they are in need of money at this time to meet payments on their last purchase, that of a \$10,000 motor hook and ladder. It is to pay off this indebtedness they are holding their midway carnival Friday and Saturday, September 16 and 17.

It costs nothing to attend, but the more one spends on the midway, just that much more it will help the firemen. If each and every man, woman and child will spend 10 cents, the firemen would at least have no financial worries for the next year. Dimes can and will make this carnival a success. It was times that built the Woolworth Building.

The Carnival Committee had another meeting this week and the chairman of each of the committees reported progress. There will be approximately 25 booths on Haverford avenue, each with a separate display. The Women's Community Club of Narberth have already arranged to operate four booths, all of the proceeds to go to the carnival fund. This is what might be termed 100 per cent. co-operation.

There will be a well-known band for dancing each night and John R. Wine and W. D. R. Evans, who are in charge.

ONE MOVIE OPENS

Sixteen Shows a Day Average of New Picture House.

While building is going ahead on a Narberth avenue structure scheduled to open in October for the showing of cinema art, the Narberth Coal Company has beat this house to it with a moving picture act in their window that is drawing record-breaking crowds.

The film show is both entertaining and instructive, portraying in detail the complete process of coal-mining. It was taken by the Jeddo-Highland Coal Company at their mines under great risk and hazard, because the light necessary for the photographing of scenes underground added terrifically to the danger of explosion and fire; in fact, at times it seemed as if it would be impossible to complete the undertaking. However, determination won out, and a splendid and informative picture is the result.

Shows are "put on" every other hour, fifteen minutes each, and comment has been made that some spectators seem to be staying through two or three shows. But don't crowd, for the management announces that it will hold the picture over until everyone has had a chance to see what an exciting film a mining scene makes.

BUSINESS MEETING

The members of the Narberth League of Women Voters will have a short business meeting Monday evening at 7:30 o'clock before the candidates' meeting to hear the report of the special committee in regard to the increase of the dues and the appointment of a nominating committee.

of the concessions and booths, have returned from a trip to New York city, Atlantic City and Baltimore, in search of the latest in novelties and amusements.

One of the really great and thrilling acts contracted for is that of Pietro Ponzillo, otherwise known as the Flying Fish whose act has startled the entire world.

Then, of course, there is Miss Philadelphia, who will be with us on both evenings and by the time of the carnival Miss Philadelphia will have undoubtedly changed her name to Miss America.

For those more seriously inclined will be Professor Zanzo, the psycho-analyst, who tells you of the future, the present and the past.

There will be the Maize, the Avenue of Hilarity, the Dancing Duck and a dozen and one other attractions. You can eat, drink and be merry, not because tomorrow you may die, but tomorrow you may have a fire at your residence or place of business and if you do, it is of the greatest consolation and satisfaction to know that Narberth's firemen are always on call, whether day or night, winter or summer.

Gift books are being mailed as fast as possible, but if you do not get yours in the mail within the next few days, call Chief C. V. Noel at the fire house and request that yours be forwarded. This will be "Your bit now, they need you."

The following gifts have already been given the firemen for their midway carnival, which gifts will be awarded September 17: Radio, golf bag and clubs, string of pearls, two tons of anthracite coal, super box Wilbur's chocolates, large American flag, lady's silk, umbrella, electric iron, electric toaster.

In addition, several residents of Narberth have agreed to forward their checks for the purchase of additional gifts.

LOCAL SCHOOLS TO OPEN NEXT MONDAY

List of Teachers and Bus Schedule for Year Announced.

PASSAGEWAY IS READY

The school bell will be heard Monday in Narberth for the first time since June. With most of the pupils back from their vacation, everything is in readiness for the opening of the new term.

This week the school officials have been busy registering new pupils, and from the large number who have presented themselves, the registration this year promises to be the largest in history for the eight grades now studying in Narberth.

The students will find several changes about the buildings. In addition to the usual summer maintenance and repair work, a "traffic tunnel" has been constructed between the two buildings. This is a covered passageway, designed to protect the younger students from the elements in going to and from the main building.

In addition to this, new flooring has been laid in the lunch room, and the second floor rest room has been fitted out as an art room.

The announcement of the opening of schools, issued yesterday by Principal George H. Wilson, follows:

"There will be but one session on Monday and no lunch will be served to pupils on the first day of school. First grade pupils not already enrolled will enroll in the elementary building; room one, Miss Vetherill, pupils from A to L inclusive (last names); room three, Miss Enion, pupils from M to Z inclusive.

Children entering the kindergarten will enroll at the American Legion room in the Community Building with Miss Williams teacher in charge. Pupils entering Narberth schools from other districts will enroll at the school office. All new pupils must present either certificates of successful vaccination or preliminary certificates, showing that vaccination has been performed.

"The sessions of the kindergarten will open at 9 o'clock, the other schools at 8:40 as usual."

CHANCE TO FORM YOUR OWN

United States Daily Pledges "All the Facts—No Opinion."

The Narberth library will receive every day for six months the national newspaper known as the United States Daily. This newspaper contains the news and the information from the Government concerning the activities of the 300 bureaus in Washington. There is no editorial page and nowhere is printed any comment or interpretation. It is pledged to give the facts only—and from these facts anyone may draw his own conclusion.

The President of the United States receives it every day and the members of his cabinet also receive it. Members of the Senate and of the House of Representatives absorb it with their morning coffee, while men and women all over the country in increasing numbers are getting acquainted with it.

The library has on file all of the copies so far received and will continue to keep the daily copies as long as the subscription lasts. It is an interesting looking newspaper and rather unusual, and the library recommends all its readers to consult it for a while.

BUICK for 1928

Body by Fisher

When Buick improves
upon Buick—the standard
for the year is set

Buick for 1928 introduces a higher standard of beauty and luxury than the world has ever known. Buick interiors are as modish as exquisite drawing-rooms—as harmoniously colored—and as comfortable. Buick's new Fisher bodies are low-slung without any loss of head-room or road-clearance.

And so, down to the smallest detail of construction, wherever refinements could be made, Buick has made them. Again Buick has improved upon Buick. Again the standard for the year is set.

BUICK MOTOR COMPANY, FLINT, MICHIGAN
